8. If CCNO decides to purchase equipment, the contract will be good as long as the equipment is usable and will be subject to negotiation and an agreement of future costs and fees (i.e. maintenance, equipment and monitoring). If CCNO decides to rent equipment the contract will be for three years, with two, one year renewal options.
- 9a. We do not require manual outbound calls and CCNO staff are responsible for monitoring all equipment.

- 10a. We are offering all vendors this opportunity to purchase our current equipment or something financially equivalent because we are aware the current provider will purchase their old equipment. If we did not offer this to all vendors it would make it an unfair advantage to all who wanted to participate in the RFP process. The awarded will be made to the bidder whose proposal is determined to be professionally and technically complete and who is the lowest and best bidder. We will allow no trade in allowance, small allowance, or something equivalent.
- 10b. You can contact BI Inc. for answers to these questions.
